

Citation Excel

Passengers	Range (smi)	Cruising Speed (mph)	Luggage Capacity	Interior Height	Interior Width	Interior Length
8 people	3500 st.m.	521 mph	134 cu.ft.	6.1 ft.	7.8 ft.	31.0 ft.

The Citation Excel is part of the successful Cessna Citation line and is a modification of the Citation V. The Citation excel combines the short fuselage of the Citation X with the wing of the Citation Ultra. It is recognizable by its low swept wing with large cockpit windows and twin rear fuselage mounted engines. The Excel has a swept tailfin with a mid mounted horizontal stabilizer. The Citation Excel has the cabin size of a medium size jet and the performance benefits and capabilities of a light jet.
